

## Description

Flat reflective surfaces can cause interfering reflections and excessive reverberation that restrict functionality in a myriad of projects in recording or post-production studios. Taking into account the specific need of audio professionals, Artnovion developed the Petra Absorber, a decorative and innovative panel with an acoustically optimised perforation pattern that eliminates sound radiation effects, offering reflection and reverberation control. Petra is available in different finishes and has an easymounting system. Available in standard market furniture grade fire rate, appropriate for home use applications, compliant with all domestic level fire grades; and Fire Rate + fire resistance, compliant with entry-level fire resistance, certified under specific European and American regulations.

## Technical Information

## Performance

## Petra W - Absorber

Absorption  
PRO AUDIO

## Specifications

### Acoustic performance:

Absorption range | 315Hz to 3150Hz

Acoustic class | C

Absorption coef. ( $\alpha_w$ ) | 0,7(M)

### FG

Dim. | 595x595x58mm

Weight | 1,65 Kg\*

Units per box | 8

BoxWeight | 15,55 Kg\*

### FR+

Dim. | 595x595x60mm

Weight | Kg\*

Units per box | 6

BoxWeight | Kg\*

Installation - Mechanical or Chemical

Packing Dimensions - 640x385x640mm

\* Approximate weight

## Product finishes:

Blanc

Cerise

Marron

Noir

Rouge

Wenge
