Designed for mid-high frequency sound diffusion with a usable range of 250 Hz up to 6000 Hz.

Description

Alps WDiffuser is an attractive, furniture grade wooden QRD diffuser, designed for mid-high frequency sound diffusion with a range of 250 Hz up to 4000 Hz. Developed specifically to interrupt discrete echoes by scattering or diffusing sound energy over a wide area without removing it from the room, Alps WDiffuser improves sound and speech clarity.

With an easy installation procedure, Alps WDiffuser is available in both hard and soft woods and in a wide variety of finishes including wood veneer, laminates, melamine coating and painted surfaces, such as our limited edition (Gold Version).
