

# Operation guide -ACRYLIC SCREEN (ACR)

---

Thank you for buying a KINGPIN screen! Read this operation guide to get the most out of your screen.

## **INSTALLATION**

The acrylic screen is usually mounted either in a wall (like a window) or in cords from the ceiling/wall (mounting equipment is not included.)

## **USE**

The screen is produced for backprojection and suits perfectly in display windows.

## **CARE**

Use a moist cotton cloth to clean the screen surface. Do not use strong chemicals.

## **SERVICE AND SUPPORT**

Look at our webpage [www.kingpinscreens.com](http://www.kingpinscreens.com) under contact for possible service. Keep the original packing of the screen for any future service.
